72 hour prequalification turnaround

When hiring clients require prequalification approval to access a job site, it can be a struggle to navigate the process quickly. Our experts navigate 30+ prequalification platforms every day. You answer some questions about your company and we save you time, money and headaches by preparing the prequalification for you at a fraction of the cost and ready to submit for approval in 72 hours.

You are here...

When you should be here...

Save \$20,000 over 650 hours

Getting prequalification approval is half the battle. Keeping it means continued business. With frequent prequalification maintenance and regular check-ins, you save time, money, and the frustration.

Annual prequalification subscription includes:

-  **Dedicated safety and compliance manager**
-  **Completed questionnaire**
-  **Regular account maintenance**
-  **Maintain OSHA logs**
-  **OSHA manual**
-  **Quarterly review of prequalification needs**
-  **Manage insurance documentation**
-  **Identify specialized policies**

Full compliance at part-time cost:

Don't burden your team with administrative work. Let your dedicated Safety Compliance Manager take on platform navigation to get your account submitted quickly and maintained properly.

No lost opportunity cost:

We spend every day in prequalification platforms so you don't have to. Don't get sidelined with a lengthy questionnaire when your business needs your focus.

Create a competitive advantage:

Be the hiring client's preferred partner. We'll get the highest compliance grade possible, then maintain the status. We won't let anything slip through the cracks.
